The Manager,
B.M.S.

Dear Sir,

ENGINEER

May I say what a credit to
your company engineer Rob from
Petersfield is.

We have had dealings with
him on a couple of occasions and he
has been so kind and helpful. He
explains problems with our stair lift and
talks to us of the actions he has taken.

Such a breath of fresh air in this fast
and modern age

He is a "star" and an asset to your
company. Please give him site of this

letter. Many thanks

Sincerely
